### Circular No. 152.

The following Rule 18 of the Pubic Branch regarding Automatic Non-forfeiture as amended in Government Order No. Fl. 723—G. F.17-45-2 dated 10th August 1945, is published for general information. This rule has been given effect to from 11th September 1942 and does not apply to cases coming under Rule 16 Para (2).

A policy which has been in force for not less than two years shall not lapse by reason of non-payment of further premium, but shall be kept in force in the manner and subject to the provisions set forth below :—

The net cash surrender value of the policy available as on the due date of the first unpaid premium or instalment, after deduction of any loan granted on the policy and interest outstanding thereon, will be automatically applied to maintain the policy in force for such period as the said net cash surrender value is sufficient to cover the overdue premia or instalments thereof with interest thereon at 6¼ per cent per annum compounded half yearly. The minimum period for which premium will be so advanced is one quarter. The department shall have a first charge on the policy for the premia advanced with interest thereon calculated in the above manner. In case the policy becomes a claim while it is maintained in force under this rule, such claim shall be considered valid subject to the deduction from the sum assured of the arrear premia with interest as above and the outstanding policy loan, if any, with interest thereon.

The insured has the option at any time during the operation of the non-forfeiture regulation to pay up the amount

advanced with interest thereon without evidence of health or to pay one or more of the unpaid premiums and thus further extend the period for which the policy could be kept in force. If it is not so repaid, the policy will cease and all liability of the Department thereunder will terminate, except to the extent of any balance of surrender value left in favour of the party on the date of termination after adjustment of all unpaid premiums with interest and other amounts due to the office. The policy may, however, be revived at any time during the life time of the insured under the provisions of Rule 19.
